

## Iced Coconut Meringue Crush

Serves: 4

Preparation time: 10 minutes

**1 pack Coconut Cotswold Handmade Meringues**

**350g frozen summer fruits**

**2 limes, juice and zest pared into strips**

**3tbsp icing sugar, sieved**

**500g pot Greek style natural yoghurt**

Place 250g of the summer fruits into a food processor or blender, reserving the rest for decoration. Add the lime juice, icing sugar and yoghurt and blend for a few seconds to make a soft set 'ice cream'.

Break the meringues into bite size pieces and gently fold into the summer fruit cream. Spoon a little into pretty serving bowls or glasses, sprinkle in the reserved berries and finish off with the remaining summer fruit cream and decorate with a pinch of lime zest.
